ABLE PHENOMENON.

of January, about eight in
ng, several persons in South
e suns appear on a sudden
tically from the horizon. At
e sky was clear and serene; a
r it was covered with clouds;
ights, there was seen in the
ns of fire, the middle one of
e height of 45 degrees. The
ned by the two other suns,
l as big as the middle one;
urn like a blazing fire, and
laced a majestic and awful

omenon has occurred in Po-
ar the village of Labotin, in
Pizadese, is a lake about a
l three quarters of a league
of oak is on one side, and
abotin on the other. This
nce covered with red spots,
rious inhabitants said were
n heaven. The peasants from
ok at the miracle, and soon
matter float on the water,
ve inches thick. The lake
he red spots remained upon
members of the administra-
take cognizance of the phe-
y remarked that the surface
a reality covered with spots
some places, with red and
purple and violet spots in oth-
d the ice to be broken one
k, and they found a crust of
hree inches deep. Having
en inches depth, they found
abundance, some of it glutin-

ministrators having resolved
it extremely acid. It also
mediate and very great pain
it stomach. The melted ice
a water which smelled of
nents are now making at
what it is, and a quantity
een sent to the Royal Acad-
