Understanding Land Use during 18th Century America
By Sue Pomasko

ESSENTIAL QUESTION

How did the Natives, English and French alter the landscape in the Northeast?

OBJECTIVES

Students will:

- Understand how the various culture groups in New England transformed the environment to meet their needs
- Create a map of New England in the 18th Century
- Contrast land use of the three empire groups: English, Native, French

NATIONAL GEOGRAPHY STANDARDS

Essential Element IV. HUMAN SYSTEMS

Standard 13. How the forces of cooperation and conflict among people influence the division and control of Earth’s surface.

Essential Element II. PLACES AND REGIONS

Standard 6. How culture and experience influence people’s perceptions of places and regions.

PROCEDURES

1. Story of Mt. Sugarloaf- instruct students to listen to the oral history, “The People of the Beaver-Tail Hill”

2. Show the following 3 images and ask the question associated with each one. (These images and their questions might be made into a Powerpoint slideshow.)
   a. First map in “Deerfield/Pocumtuck Area”- “Pocumtuck, circa 1550”
      - How does this picture provide an understanding of Native land use?
   b. Second map in “Deerfield/Pocumtuck Area”-“Deerfield, circa 1700”
• How does this picture provide an understanding of colonist land use?
  c. Map- “Quebec, the Capital of New France”
• How does this picture provide an understanding of French land use?

3. Break students into 3 groups (Native, English, French) and have them read about land use and settlements of the northeast during the 18th Century (use websites under resources and guided questions worksheet)

Requirements for Group and Individual Presentations

**Group Requirements:**
1. After being divided into an English, French, or Native group, read the information regarding land use by these 3 empires. Website links are listed at the top of each outline. Use the questions on the outline to guide your reading and gather information about these empires.

2. Create a presentation of 5-7 minutes on how your empire interacted with the land. The information you provide will be recorded by your classmates.

**Individual Requirements**
After documenting the information regarding all 3 empire groups use this information to write a 5-paragraph essay and draw an illustration or map of your empire choice.

1. Essay requirements:
   a. Introduction paragraph- include an overview of how all 3 groups interacted with the land in 18th century America.
   b. Second paragraph- include specific examples of how one of the empire groups interacted with the environment.
   c. Third paragraph- provide specific examples of how the land was distributed and viewed by your empire group.
   d. Fourth paragraph- should include the struggles your empire group faced while trying to maintain their landscape.
   e. Fifth paragraph- should include your opinion on how the landscape struggle has shaped America today.

2. Map or illustration- include how your empire was designed, its location, and how it was used.

3. Have students report to the class about land use and settlement findings. As groups present have all students take notes on the 3 cultural groups.

4. Have students create a map/illustration and write a summary on the land use and adaptations by the 3 cultures.
